AN ENEMY OF WOMANHOOD

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's life is her great enemy, as they cause her complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts Or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of swelling stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid uric which acid and lemon juice, combined with Bilex, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in uric so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Q-BAN WORKS LIKE MAGIC ON GRAY HAIR

A Difference In a Few Days and All Gray Hair Transformed to Even, Dark Shade. A Beauty Secret for Your Hair.

It is the wish of everyone to bring back his or her hair to one of supreme dark luster and unblemished beauty, free from all grays, falling or thinning. It is now possible to quickly, safely and easily restore gray, faded or white and falling hair to original dark color and luster. You can have the same soft richness of color you used to have. Just get, at little cost, from your druggist or toilet goods counter a bottle of Restorer. It comes all prepared in a handsome package. Apply it in the privacy of your room as per simple directions on the bottle. The results will be quickly achieved. Your gray or faded hair will turn to that soft, lustrous, dark shade you so much admire. The length of your hair will be increased perceptibly, too. Dandruff will vanish. "Q-Ban" Hair Color Restorer is the same name for new discovery restoring dark color to gray hair. Don't confuse it with dyes of those muddy, sticky, unsatisfactory hair tonics. "Q-Ban" is

CINEMA OF CRIME REFLECTED UPON POLICE BLOTTER

The thief must have followed the wagon. It seemed so, at any rate, as Henry Lock of Loe's laundry, who told the police Thursday that three valuable packages of laundry had been stolen from one of his delivery wagons. Two were taken while delivery was being made at the Franklin hotel, and the third at the Arlington.

It had enough to have your cool leave, but when she takes a portion of the wife's clothing with her, the milkmaid has been reached, according to Dave Hurst, 572 Eastmoreland avenue, who made such a report to the police.

A cameo pin—the Madonna and Son in relief—surrounded by pearls, was stolen from Miss Brice's nurse at St. Joseph's hospital, according to a police report.

It's pretty tough to have your new hat stolen while you're eating lunch, and to have an old hat left in its place. But it's tougher still to have no hat left for the stolen one. This was the experience Charles Hassell, 141 S. Main street, requested to police. He finished lunching Wednesday in the Homelike cafe on Beale avenue.

Two smooth workers obtained \$15 from the safe of E. H. Clarke & Bro. and the overcoat of the manager, H. Friedberg, Wednesday afternoon. They engaged a woman clerk in conversation, while she was standing in front of the safe. They asked prices on certain printed cards, and when she stepped away to obtain the desired information, they "made" the overcoat and money.

Stolen once in bad enough, but when the same Jersey cow is stolen twice in two days, it's too much. Mrs. Busch, 1500 Boland avenue, told police this happened to her cow.

Merchandise and \$1.50 in pennies were the loot of a negro burglar who robbed the store of J. L. Lippford, 202 N. Second street, Wednesday night.

A suitcase containing wearing apparel and five diamonds was lost from the running board of an automobile which Dr. S. W. Thorn, 1212 College, and wife, entered at Louisiana street and Illinois avenue Wednesday.

A suit of clothing was the contribution of W. W. Good, 415 Union avenue, to the cold weather thief Wednesday.

J. E. Donahue, 870 Adams avenue, also is minus a suit, taken by a cold thief.

William Greenwick, 311 Mulberry street, also joined the club by losing a green plaid suit Wednesday night.

A Gladstone bag and tan portfolio were lost Wednesday by W. W. Weigman, guest at the Hotel Chicago. He lives in St. Louis.

TAKES MILLING CASE UNDER ADVISEMENT

The decision of Judge John E. McCall as to the granting of a new trial in the case of C. J. Schaffer, Milling company, of Chicago, against the West Tennessee Grain company, of Ohio, Tenn., was taken under advisement late Wednesday afternoon. A jury earlier in the day returned a verdict awarding the Chicago firm compensatory damages in the sum of \$4,000. The plaintiff had asked for \$12,000 damages.

The suit grew out of a contract between the two parties under the terms of which the Tennessee firm was to deliver to the milling company 15,000 bushels of corn during the fall of 1913. The contract was breached by the defendant, according to the bill filed, and the Chicago firm was compelled to go into the open market and buy corn to fill its contracts, paying a higher price than it would have paid had the West Tennessee Grain company fulfilled its contract.

The defendant company claimed that a car shortage and late maturity of grain during the fall of 1913 prevented it from carrying out the terms of the contract.

Following the decision of the jury, a motion for a new trial was filed by attorneys representing the West Tennessee Grain company. Arguments for and against this motion consumed the greater part of Wednesday afternoon, and at their conclusion Judge McCall stated that he would take the matter under advisement.

JAPAN SENDS NOTE TO U. S. CAPITAL

TOKIO, Dec. 11.—Japan has forwarded a note to Washington relating to the operation of the Trans-Siberian railroad. The note expresses gratification in the fact that America is convinced that Japan is "wholeheartedly determined to co-operate in the work to be done in Siberia." It is laid upon the desire of Japan to bring about "sincere co-operation" in the future of Asiatic Russia.

Have You Forgotten SEWANE SCHOOL TO VISIT IN FLORIDA

The Sewanee Military academy, the preparatory school connected with the University of the South, will be moved to Palatka, Fla., for the coming winter term. The destruction of the Quintana Barracks at Sewanee by fire last month, made it necessary to secure new quarters until the school building can be rebuilt. This will be done early in the spring.

Memphis Vice-Chancellor Knight has rented the Putnam house at Palatka, and the military academy will be re-opened there on Jan. 2. The winter term will close as usual in June. The entire hotel will be used by the cadets, the larger rooms being used as classrooms. About 100 boys from Memphis will leave the first of the year for the school. The total attendance is about 250.

Join Bry's Christmas Sewing Machine club. It pays.

Y. W. C. A. TO MEET

NEW YORK, Dec. 11.—The Young Women's Christian association will hold its national convention in Cleveland, O., the week of April 13-20, it was announced here today. The convention was postponed from the spring of 1913 to comply with a government request that travel be reduced during the war.

Ambition Clearly Defines the Future

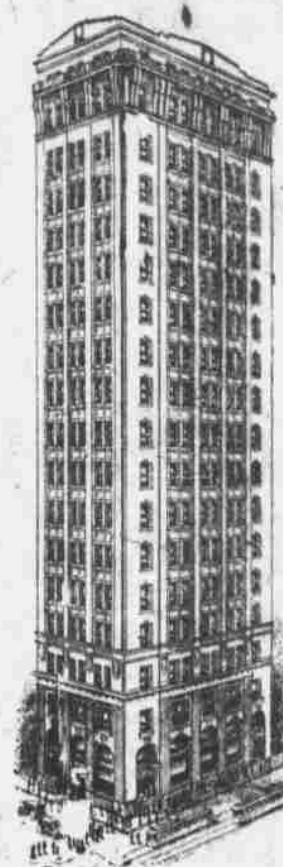

The dominant, compelling aspirations of youth formulate character and indicate the trend of future affairs. Youth continually desires bigger, better accomplishments in business, finance and social life.

Stifled ambition, day dreams and misdirection of talents are frequently the result of insufficient capital—ready money.

If you are young and possess that impelling ambition to do something—to be somebody when you've reached that full maturity—start to save money now. Ten years from now, if you are industrious and thrifty and your friends are spenders, you will be able to advance yourself while the others stay behind.

The foundation of your future depends entirely upon yourself—you must determine what the future is going to be. A Savings Account will assist in developing your character and lend that self-assurance necessary for success.

The dollars you place in this National Bank are investments that will pay you well. Begin your savings account today—the small sums soon grow into Success.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do. Well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

Activities Among Memphis Negroes

By Rev. T. O. Fuller.

The members of the Odd Fellows and household of Ruth are arranging to add members during the holidays. The Odd Fellows' union will meet Sunday afternoon to perfect plans. H. C. Daniel is president and Mme. Alfred Browne is secretary.

Principal T. O. Fuller and L. C. Moore spoke to the students of the Henderson Business College Wednesday afternoon in the interest of the antituberculous drive. Several thousand stamps were distributed among the students by President George W. Henderson.

Let individuals, schools, clubs, lodges and churches co-operate in their charity work. Better results are possible if this is done. It is selfish to do otherwise.

L. C. Moore, state fund master of the G. U. O. of O. F., has been called to Nashville to install the officers of the Odd Fellows' Relief association. It is said that the order there is arranging to give him a nice reception.

Dr. C. V. Roman will speak Friday night at Metropolitan Baptist church in the interest of the antituberculous drive. A large crowd will hear him. Physicians, teachers, social workers and students of the various schools will attend the exercises.

George B. Riley, of Youngstown, O., and Louis E. Crawford, of this city, were united in matrimony Wednesday night, Rev. T. O. Fuller officiating. They left for Ohio at 8:10 by the Illinois Central railroad.
